Sir,

2. In the case of water supply works, emergency may suddenly arise to meet which the Superintendents must be prepared. It is therefore very necessary that their advance should be increased to Rs 250/-.

SUBJECT

Letter No.908 dated the 27th July 1917, from the Executive Engineer, Water supply Division, to the Chief Engineer of Mysore, Bangalore.

With reference to Government Order No.Rl.7750-99/G.W. 210-16-1 dated the 22nd June 1917, introducing certain reform of the Public Works system of payments and accounts received yesterday, I have the honor to solicit the favor of according sanction to the grant of permanent advances of at least Rs 250/- each of the superintendents noted in the margin. These Superintendents are at present maintaining the Cash Books and funds are made available to them by means of cheque drawn in their favor as often as required from my letter of Credit.

1. Superintendent, Bangalore city Distribution.
2. Superintendent, Kolar Gold Fields, (Bethamangala).
3. Superintendent, Vani Vilas water Works, Mysore.

2. The permanent advance of Rs 50/- sanctioned to the Superintendent, Soldevanhally Pumping Station is quite insufficient and it may also be kindly raised to Rs 250/- to enable him to pay up the bills to the extent of Rs 100/- himself as authorised.

3. The original works in Davangere Sub Division having now been finished, there is no necessity for the large advance of Rs 250/- now sanctioned. A permanent advance of Rs 50/- to the Driver in charge is ample.

4. A permanent advance of Rs 25/- is necessary to the Overseer in charge of the construction of the Public Works Workshop buildings and the same may also be kindly sanctioned.
